DESTINATION

From sightseeing trips and nature tours that cover all aspects of local life to unlimited shopping opportunities, Qatar offers visitors a wide variety of activities, with something for everyone.

The FIFA World Cup Qatar 2022™ will undoubtedly afford football fans everywhere the chance to enjoy a unique experience in this Gulf country.

GENEROSITY AND HOSPITALITY

Bedouins are known for their hospitality and traditionally sharing their food with their guests. This culture is still deep rooted in Qatari society and permeates all aspects of life in Qatar. Offering Arabic coffee and sweets to guests remains an expression of hospitality. Qatari cuisine is rich and unique, with its dishes influenced over the years by the gastronomical delights of the Indian Subcontinent, Iran, the Levant and North Africa.

RESORTS AND BEACHES

Qatar has many wonderful resorts where people can relax and escape the hustle and bustle of everyday life. These include the Sealine Beach Resort, one of the finest coastal strips near the capital. Visitors can also spend time at the Al Ghariya Resort on the seafront, where there are many walk areas like the Doha Corniche, a waterfront promenade extending for several kilometres along Doha Bay in Qatar's capital.

ISLANDS AND WATER SPORTS

Given its geographic location, rich marine life, and crystal-clear waters, Qatar is an ideal destination for water sport lovers, who can enjoy fishing trips, rowing boats, water skiing, kitesurfing, paragliding, and scuba diving among shipwrecks or coral reefs. Qatar also has a number of unique islands like Palm Island, the artificial Pearl Island, and the Zekreet peninsula, which boasts picturesque beaches and natural rock formations.

HISTORICAL SITES AND CASTLES

Lovers of archaeology and antiquity can see many historical sites telling the story of Qatar's distant past, such as the UNESCO world heritage site Al Zubarah and its unique fort. There is also the Museum of Islamic Art, Katara Cultural Village, and Souq Waqif, all among Qatar's most popular tourist attractions. The country is also home to several ancient forts that were used as military or civilian installations, such as the Doha Fort, Barzan Towers and Umm Salal Fort.

DESTINATION

DESERT ADVENTURES AND DUNE CHALLENGES

In addition to the spectacular beaches and islands, Qatar also has some beautiful desert and rocky terrain. Visitors can enjoy desert safari trips, ride camels and camp under the stars in a Bedouin tent, or perhaps visit Khor Al Udayd, which features sand dunes in stunning formations and has been dubbed ‘the Inland Sea’. There is also Al Jassasiya, a magnificent area of rock carvings, where visitors can see examples of pre-historic sculptures.

QATAR 2022 FINAL DRAW: ALL YOU NEED TO KNOW

WHERE

The Doha Exhibition and Convention Center (DECC) in Qatar.

WHEN

Friday 1 April, 19.00 local time

WHO'S INVOLVED

The 32 nations involved in the 2022 World Cup, 29 of which are currently known, will be drawn into eight groups of four. Two of the remaining three spots will be filled by the winners of the Intercontinental Play-offs on 13 or 14 June, with the final berth determined by Path A of the European qualifying play-offs, in which Wales will face off against either Scotland or Ukraine in the final.

The draw will be attended by 2,000 guests and will be led by Carli Lloyd, Jermaine Jenas and Samantha Johnson, assisted by the likes of Cafu (Brazil), Lothar Matthaus (Germany), Adel Ahmed MalAllah (Qatar), Ali Daei (IR Iran), Bora Milutinovic (Serbia/Mexico), Jay-Jay Okocha (Nigeria), Rabah Madjer (Algeria) and Tim Cahill (Australia).

HOW TO FOLLOW

The draw will be broadcast around the world and you can also keep up-to-date via FIFA's social media accounts on Twitter, Facebook and Instagram.

WHAT'S NEXT

The match schedule will be confirmed after games have been assigned to a stadium and kick-off time for each matchday. The World Cup itself will take place between 21 November and 18 December 2022, with the group stage lasting 12 days and featuring four matches per day.

DRAW PROCEDURE

The Final Draw for the FIFA World Cup Qatar 2022™, scheduled to be held in Doha on 1 April 2022 determines how 29 qualified teams, two intercontinental play-off slot placeholders and one UEFA A play-off slot placeholder are divided into eight groups of four for the final competition.

The information below sets out the procedure for the final draw.

1. SLOT ALLOCATION

The final slot allocation per qualification zone is as follows:

QUALIFICATION ZONE	NUMBER OF TEAMS	QUALIFIED TEAMS
AFC	4.5	IR Iran, Japan, Korea Republic, Saudi Arabia
CAF	5	Cameroon, Ghana, Morocco, Senegal, Tunisia
CONCACAF	3.5	Canada, Mexico, USA
CONMEBOL	4.5	Argentina, Brazil, Ecuador, Uruguay
OFC	0.5	
UEFA	13	Belgium, Croatia, Denmark, England, France, Germany, Netherlands, Poland, Portugal, Serbia, Spain, Switzerland
HOSTS	1	Qatar

2. SEEDING AND POT ALLOCATION

The 29 qualified teams, two intercontinental play-off slot placeholders and one UEFA play-off slot placeholder are allocated to four pots of eight teams each, based on the FIFA/Coca-Cola World Ranking released on 31 March 2022, following the conclusion of the international match window in March 2022. Based on the rankings, the top seven teams along with the hosts, Qatar, are allocated to team pot 1. The teams ranked 8 to 15 are allocated to team pot 2. The teams ranked 16 to 23 are allocated to team pot 3 and, finally, team pot 4 will include teams ranked 24 to 28 plus the two placeholders to be occupied by the winners of the intercontinental play-offs scheduled for 13-14 June 2022 and the placeholder for the UEFA play-off slot winner.

DRAW PROCEDURE

3. DRAW PROCEDURE

1. The four pots representing the teams are labelled team pots 1 to 4. In each team pot, there are eight balls with the country name for each qualified team, including, in team pot 4, two placeholders for the intercontinental play-off winners and the one placeholder for the UEF A play-off slot winner.
2. The eight pots representing the groups are labelled group pots A to H. In each group pot, there are four balls with the position numbers 1, 2, 3 and 4 for each respective group.
3. The draw starts with team pot 1 and ends with team pot 4. Each pot is completely emptied before moving on to the next pot.
4. A ball is drawn from a team pot, followed by a ball from one of the group pots, thus determining the position to which the respective team is allocated.

4. DRAW CONSTRAINTS

1. In pot 1, Qatar is represented by a different colored ball and pre-assigned to position A1 as the host country.
2. The remaining seven top-seeded teams in team pot 1 are automatically drawn into position 1 of each remaining group B to H.
3. FIFA's general principle, whenever possible, is to ensure that no group has more than one team from the same qualification zone drawn into it. This is applicable to all zones except Europe which is represented by 13 teams. Each group must have at least one but no more than two
4. European teams drawn into it. Thus five out of the eight groups will have two European teams 4 Placeholders for the UEFA play-off slot winner and two intercontinental play-off winners will also follow the general geographical principle of "separation" of teams from the same qualification zone described in point 4.3 above. The geographical allocation of each intercontinental play-off placeholder will be based on the confederation team pairings participating in that specific intercontinental play-off match
5. The intercontinental play-off pairings are:
 - AFC team v. CONMEBOL team
 - Concacaf team v. OFC team

STATS & FACTS

- Ghana's appearance at Qatar 2022 means they have qualified for four out of five World Cups since making their final tournament debut in 2006
- Ghana made it through to the knockout phase on their debut in 2006, and although they were defeated by the defending champions Brazil in the round of 16, they still claimed the achievement of being the only African nation to qualify from the group stage at that edition of the tournament
- Their best ever performance at the World Cup came in 2010 when they became just the third team from Africa to make it through to the quarter-final stage at the finals
- Asamoah Gyan became the top African goalscorer in World Cup history when he scored for Ghana at the 2014 finals against Portugal. Overall, the striker scored six goals for his nation at the finals, and found the net at three successive World Cups (2006, 2010, 2014)
- Remarkably Ghana have faced the USA at each of their previous three World Cups, they won 2-1 in the group stage in 2006, then repeated the feat by the same scoreline in a match which required extra-time in the round of 16 in 2010, the Americans finally gained revenge in the group stage at Brazil 2014 with a 2-1 victory themselves

STATS & FACTS

- Japan are contesting their seventh World Cup – and seventh in succession – they did not make their final tournament debut until 1998, but have been ever present since then
- In 2018, the Japanese made it through to the knockout phase for the third time, having also done so at the finals in 2002 and 2010
- Japan looked set to become only the third Asian nation to reach the quarter-finals of the World Cup – following Korea DPR (1966) and Korea Republic (2002) – when they led 2-0 against Belgium in the round of 16 at Russia 2018, however, their opponents produced a remarkable turnaround to win 3-2
- Japan's tally of six goals at Russia 2018, is their highest ever total in a single World Cup tournament, their previous best was five in 2002
- When Keisuke Honda scored against Senegal at Russia 2018, he became the first Japanese player to score at three World Cups (2 in 2010, 1 in 2014, 1 in 2018)

STATS & FACTS

- Morocco are making their sixth World Cup appearance this time around; they ended a 20-year absence from finals when they featured at Russia 2018 and are now competing at back-to-back editions for the second time in their history. They also achieved this feat in 1994-1998
- Morocco's history at the World Cup dates right back to 1970 when they became only the second nation from Africa – after Egypt in 1934 – to feature at the global showpiece tournament
- The Atlas Lions broke ground at the 1986 finals when they became the first African team to progress beyond the first round, they did so by finishing top of a group which also contained England, Poland and Portugal. Morocco's tournament ended in the round of 16 when a late goal from Lothar Matthäus gave West Germany a 1-0 victory
- Morocco have failed to progress further than the group stage in four of their previous five appearances at the FIFA World Cup, the exception being their run to the round of 16 in 1986
- A 3-1 victory against Portugal in 1986 and a 3-0 triumph against Scotland in 1998 are the only two wins that Morocco have produced in the 16 World Cup matches they have played

STATS & FACTS

- Poland have now qualified for the FIFA World Cup on nine occasions (inc. 2022). They ended a 12-year absence from the finals when they featured at Russia 2018 and are now competing at back-to-back editions for the first time since 2002-2006
- Without doubt the most successful period for Poland in FIFA World Cup history was between 1974 and 1986 when they made four consecutive appearances at the finals, they notably finished in third place in both 1974 and 1982
- Poland have not managed to make it further than the group stage in their last three World Cup final tournaments (2002, 2006 and 2018) meaning they have not played a knockout phase match since defeat against Brazil in the round of 16 in 1986
- None of Poland's last 12 World Cup matches have finished as a draw, the last one being a 0-0 tie against Morocco in the group stage at Mexico 1986
- Despite not winning automatic qualification for FIFA World Cup Qatar 2022™, Poland still recorded their best ever tally of goals scored in a FIFA World Cup qualifying group with a total of 30 in just ten games

STATS & FACTS

- This will be Portugal's eighth World Cup appearance and they have been present at each FIFA World Cup final tournament since 2002, meaning they have qualified six times in a row
- Remarkably, Portugal had only qualified for the World Cup on two occasions prior to 2002 and those two appearances came 20 years apart (1966 and 1986)
- A third-place finish on their debut appearance at the finals in 1966 remains Portugal's best ever performance at the FIFA World Cup, though they did come close to matching this feat 40 years later when they finished fourth at the 2006 FIFA World Cup in Germany
- This is the third time in four World Cups that Portugal have earned their place by progressing via the play-offs, having also qualified via this route for the 2010 and 2014 finals
- Portugal have scored a total of 49 goals in World Cup history and they look set to reach the landmark of 50 when they compete at the finals in 2022

STATS & FACTS

- Serbia enjoyed a dramatic end to their successful qualifying campaign for Qatar 2022 when Aleksandar Mitrovic's late winner earned them a 2-1 win away from home against Portugal in their crucial final group match when it looked as though they were going to have to settle for place in the play-offs as a draw would have put Portugal through

- They have been eliminated at the group stage in each of their last three participations and are aiming to qualify for the knockout phase for the first time since 1998
- Serbia have recorded only two wins in their last three FIFA World Cup appearances (W2 L7), 1-0 victories against Germany in 2010 and Costa Rica in 2018
- In 1930, Yugoslavia became the first European national team to reach the semi-finals of the FIFA World Cup. They went on to finish fourth in the inaugural edition of the World Cup in 1930 and repeated that finish in 1962

STATS & FACTS

- Tunisia are participating in their sixth World Cup and second in succession having also qualified for the finals in Russia four years ago
- Tunisia claimed a notable landmark on their debut appearance at the finals in 1978 - a 3-1 victory against Mexico in their opening game saw them become the first African team to win a match at a World Cup final tournament
- Their second victory in the competition did not come until 40 years after their maiden triumph as they defeated Panama 2-1 in their final group match at Russia 2018 to give them a first taste of victory in the tournament since 1978 and end a run of 13 World Cup matches without a win
- The North African nation have not made it through to the knockout phase at the World Cup in their previous five attempts
- Tunisia have kept only one clean sheet in their 15 World Cup matches. Notably though, the one clean sheet came against West Germany in a 0-0 draw in the group stage in 1978 with their opponents being the reigning champions at the time

STATS & FACTS

- USA are competing in their 11th FIFA World Cup; they recorded an impressive sequence of seven participations in a row from 1990 to 2014 but the run ended when they failed to qualify for Russia 2018
- Their best ever FIFA World Cup performance to date came at the inaugural edition of the tournament in 1930 when they reached the semi-finals
- USA successfully qualified from their group in each of their two most recent World Cup appearances (2010 and 2014). Going a little further back, they have reached the knockout phase in four of their last six FIFA World Cup appearances
- They have only failed to score in one of their last ten FIFA World Cup matches. The only team who managed to shut out the USA during this sequence is Germany who claimed a 1-0 victory when the two nations met in the group stage at Brazil 2014
- The current record for most spectators at a single edition of the FIFA World Cup was set in 1994 when the tournament was held in the USA, a total of 3,587,538 spectators watched the 52 matches, an average of almost 69,000 per game
